Romans 8:28

And we know that all things work together for good to them that love God, to them who are the called according to his purpose.

Dear Mom

I wrote this so that you will always know what you have meant to me through the years. You are truly the kind of mom every child dreams of having. Your love, your kindness, your endless support and generosity know no bounds. You have not only been a precious Mother to me, but have been the most important role model anyone could ever have. The person I am today, is because of the guidance and example you have shown me... with your unconditional love above all else! No matter how far I may go... I will always need you. Thank you for being the greatest gift I'll ever receive... You!!!

Love Julian

Dear Momma,

You mean the world to us.

You are very missed. You have been a great example of knowing that God is in control and he is going to take care of us all.

I wanted you to stay around a little longer but that was not in God's plan.

I could not have hand picked a better mother, always giving of yourself in sickness and in health.

I have so many wonderful memories and I pray that God and our precious memories will help us to learn how to deal with the pain of this great loss.

I will never forget you, such an awesome jewel in our eyes.

You will not have to deal with any more pain and discomfort, and you are with the Greatest comforter in this entire world.

I am so thankful for every precious moment that God blessed us to have you in our lives.

I have great peace in knowing that you had a great love for God, and you are in his care.

I pray that all of God's children will know God is in control and to always love God and all his children.

With Love, LaShawn
