

*There are many things I'll remember about our mother.
How soft her hands were, how her eyes sparkled,
how her smile lit up her entire face.
I'll remember the hearty sound of her laugh,
and the tone of her voice when someone disappointed her.
But most of all, I'll remember how I felt when she said,
"I love you."
To know this very special woman loved us with all her heart.
Of all the memories that may dim in the coming years,
that feeling is something I know my sister and I will never forget.*

More loving than most
Often right, even when I thought she was wrong
Truly my biggest cheerleader
Heaven welcomed her with open arms
Every day without her will be empty
Radiance has now moved on.

And we want you to know; we love you too, Mom.
